

FACILITATION PLUS: MORE THAN METHODS AND TOOLS

COURSE BENEFITS

This four-day workshop is designed to give you a solid foundation in the theory, principles, and practice of professional facilitation. The content is based on the International Association of Facilitator's competencies and code of conduct. The approach and methods shared are the culmination of 30 years in professional development and 16 years experience of an IAF certified professional facilitator. This is an intensive workshop experience with lots of practice; it is limited to 8 participants

WHAT YOU WILL LEARN

At the end of the workshop you will

- ✓ Understand the cycle and process of facilitation from contracting to product
- ✓ Understand the role and responsibility of a neutral facilitator
- ✓ Demonstrate the IAF Core Competencies
- ✓ Contract effectively with your client to analyse expectations and agree shared outcomes and deliverables
- ✓ Set team charters and ground rules that honour uniqueness and establish respect for common values and goals
- ✓ Create positive dynamics and creativity in diverse groups
- ✓ Match appropriate process and methods to group needs
- ✓ Use methods to create ideas and analyse problems
- ✓ Practice skills in questioning and structured dialogue to encourage collaboration and joint planning
- ✓ Use a range of tools and methods to aid decision making
- ✓ Improve self awareness through peer and expert coaching

WHO SHOULD ATTEND

People new to facilitation will get a solid introduction to the knowledge and skills essential to effective facilitation. Experienced facilitators will acquire a systematic structure for their intuitive expertise. Any one preparing for the IAF Certified Professional Facilitator process. Understand the system; learn new models.
